## **BUCCANEER REGION**

### **SOLO SCHOOL**

Solo is the SCCA brand name for autocross competition. Solo events are driving skill contests that emphasize the driver's ability and the car's handling characteristics. This is accomplished by driving a course that is designated by traffic cones on a low hazard location, such as a parking lot or inactive airstrip. While speeds are no greater than those normally encountered in legal highway driving, the combination of concentration and car feedback creates an adrenaline pumping experience. It is like being in a movie chase scene, only you are holding onto the steering wheel instead of a box of popcorn!

As a fun, inexpensive and safe way of testing your driving ability and car performance, the events are open to anyone who has a sports car, compact or small sedan. The only requirements to compete are a valid state driver's license and a car which will pass a safety technical inspection. Drivers compete in numerous car classes for stock street cars, modified street cars, race prepared cars, and modified race cars.

The Solo drivers school is an excellent way to learn about and become involved in Solo events. It is one full day of on-course instruction specific to SCCA style autocrossing. Student will be matched with experienced, local instructors to go through 4 different autocross course elements. 2-4 students per instructor. The school is for drivers with less than two years of Solo experience.

**When:** Saturday March 6
